**Project WASABY: WAtEr and Soil contamination and Awareness on  
Breast cancer risk in Young women**

**2nd Steering Committee**

-

**16.12.2020**

**Any other business in relation with all work packages**

# Other activities performed during Wasaby

- Teleconference with European Environmental Agency (10<sup>th</sup> November 2020)
  - Description of WP-7 activities as presented today
  - Final WP-7 reports will be sent to EEA
- Pilot Training course for Sicilian Cancer Registries: “Geo-referencing of the cases in the databases of the Cancer Registries and first elements of spatial analysis”, held in Catania (Italy), 3<sup>rd</sup>-4<sup>th</sup> December 2019. Program of the course:
  - GIS Methods and techniques and their application for CRs
  - Elements of cartography. Reference systems and cartographic projections. Coordinates and their transformation
  - Elements of ArcGis and QGis. Creation of shapefiles and layers and their theming. Creation of maps.
  - Georeferencing. Creation of address database, sources and cumulative personal data. Open source georeferencing systems. Quality controls of open source systems
  - Basic data of interest to the registers. Basic geographic data, administrative boundaries and available cartography. Incidence maps, SES, environmental risk factors, etc.
  - Spatial analysis. Description of some statistical models. Usable software

# Other missing deliverable

- Practical manual for CR's personnel
  - Collection of geo-codes data
  - Shape files
  - Use of ArcGis and QGis
  - Analysis with R and Stata and SatScan
- An index will be developed in January using the experience of the Sicily course

# Financial aspects

- At the end of January 2021 we need the final evaluation if all partners are able to spend their funds before the end of the project
- The P.I. will send you a request at the end of this year in order to perform a second Evaluation financial report.
- The request will be personalized for each partner according to the replies sent for the first Evaluation financial report

# Dissemination and future

- Publications: monographic issue or separated articles?
  - EDI
  - Spatial analysis by CR
  - Pilot study
  - Wasaby APP
- Connection with ENCR activities
  - Courses online?
- Future projects?
